

Massachusetts Health Care Training Forum

April 2014

Agenda

1. Welcome
2. Revalidation
3. ICD-10 Implementation Project: Update
4. Questions and Answers
1. MassHealth Resources

REMINDER: KEEP YOUR PROVIDER PROFILE INFORMATION UP-TO-DATE!

- In accordance with MassHealth regulation 130 CMR 450.223(B), you must notify MassHealth in writing within 14 days of any change of information submitted in your original enrollment application, such as changes in address, phone, email, license status, ownership, board membership or criminal convictions.
- Failure to notify MassHealth constitutes a breach of your provider contract and may result in termination of your contract or other sanctions. The absence of notification constitutes confirmation of no changes.
- To submit changes through the POSC (Provider Online Service Center), go to www.mass.gov/masshealth/providerservicecenter and click on the Manage Provider Information link. Then click Maintain Profile and then Update Your MassHealth Profile.
- You may also submit changes in writing to: MassHealth PEC, PO Box 9162, Canton MA 02021.
- Profile changes do not become effective until the request is processed. Back-dating is not allowed.
- For questions, please contact MassHealth Customer Service at providersupport@mahealth.net or call MassHealth Customer Service: 1-800-841-2900.

WHAT IS REVALIDATION?

Section 6401 of the Affordable Care Act established a requirement for Medicare and Medicaid to revalidate enrollment information for all enrolled providers, regardless of provider type, under new enrollment screening criteria at least every five years.

This revalidation initiative will initially focus on those providers who were enrolled on, or prior to, March 25, 2011, and will be completed by March 24, 2016.

Providers enrolled after March 25, 2011, will be revalidated on or before five years from the date that they were initially enrolled.

Revalidation (cont.)

Revalidation must be completed on the Provider Online Service Center (POSC). Providers will be required to log onto the POSC, review the information contained on their MassHealth Provider File and update any information that is not current or complete.

Providers may also be required to submit original signature documentation to support the revalidation, including a Federally Required Disclosures Form and an Electronic Funds Transfer Enrollment/Modification Form if they are currently receiving a paper check. Additional documentation or steps may also be required depending on provider type.

Revalidation (cont.)

REVALIDATION PREPARATION

It is very important that all providers begin to prepare for revalidation:

- Identify the person in your organization who will complete the revalidation.
- Make sure that person has secure primary user access to the POSC.
<http://www.mass.gov/eohhs/gov/newsroom/masshealth/providers/mis-posc/>
- Identify the person in your organization legally authorized to complete the Federally Required Disclosures form for the entity.
- If applicable , be prepared to have each individual provider sign the required forms, including the Federally Required Disclosure form.
- Ensure that the individual practitioners linked to the group are accurate and current on the group's MassHealth provider file.
- Providers who are in private practice and not affiliated with or employed by a group organization should follow the instructions for their provider type. These instructions will be included in the revalidation packet that MassHealth will mail to you when it is time for you to revalidate.

Revalidation (cont.)

REVALIDATION PREPARATION

- If you do not have access to POSC, you must submit a Data Collection Form (DCF) with the administrator's information. Please click on:

<http://www.mass.gov/eohhs/docs/masshealth/provider-services/forms/posc-dc.pdf>

You can e-mail the completed form to providersupport@mahealth.net; or fax it to 617-988-8974; or mail it to:

MassHealth Customer Services Center

Revalidation (continued)

COMMUNICATION PLAN

The following communication vehicles will be utilized for key messaging:

- Provider Bulletin
- Website Announcement on Mass.Gov
- Banner Messages
- POSC Broadcast Messages
- Provider Association Forum Meetings
- Outreach to Associations
- Provider Trainings

MassHealth ICD-10 Implementation Project

- **ICD-10 Implementation**
 - **Implementation Timeline**
 - **Documentation**
 - **ICD-10 Web page**
 - **Trading Partner Testing**

On April 1, 2014 the bill H.R. 4302, Protecting Access to Medicare Act of 2014 was signed into law. A component of the law states that the Department of Health and Human Services (HHS) cannot adopt the ICD-10 code set as the standard until at least October 1, 2015.

Impact

- MassHealth **cannot** implement ICD-10 before at least 10/1/15 (per law)
- MassHealth will complete key deliverables in progress (e.g. implementation plan development, training materials, etc.)
- MassHealth is awaiting further guidance from CMS
- In the interim MassHealth will continue testing and flesh out the true impact of the delay
- MassHealth has notified stakeholders of the delay

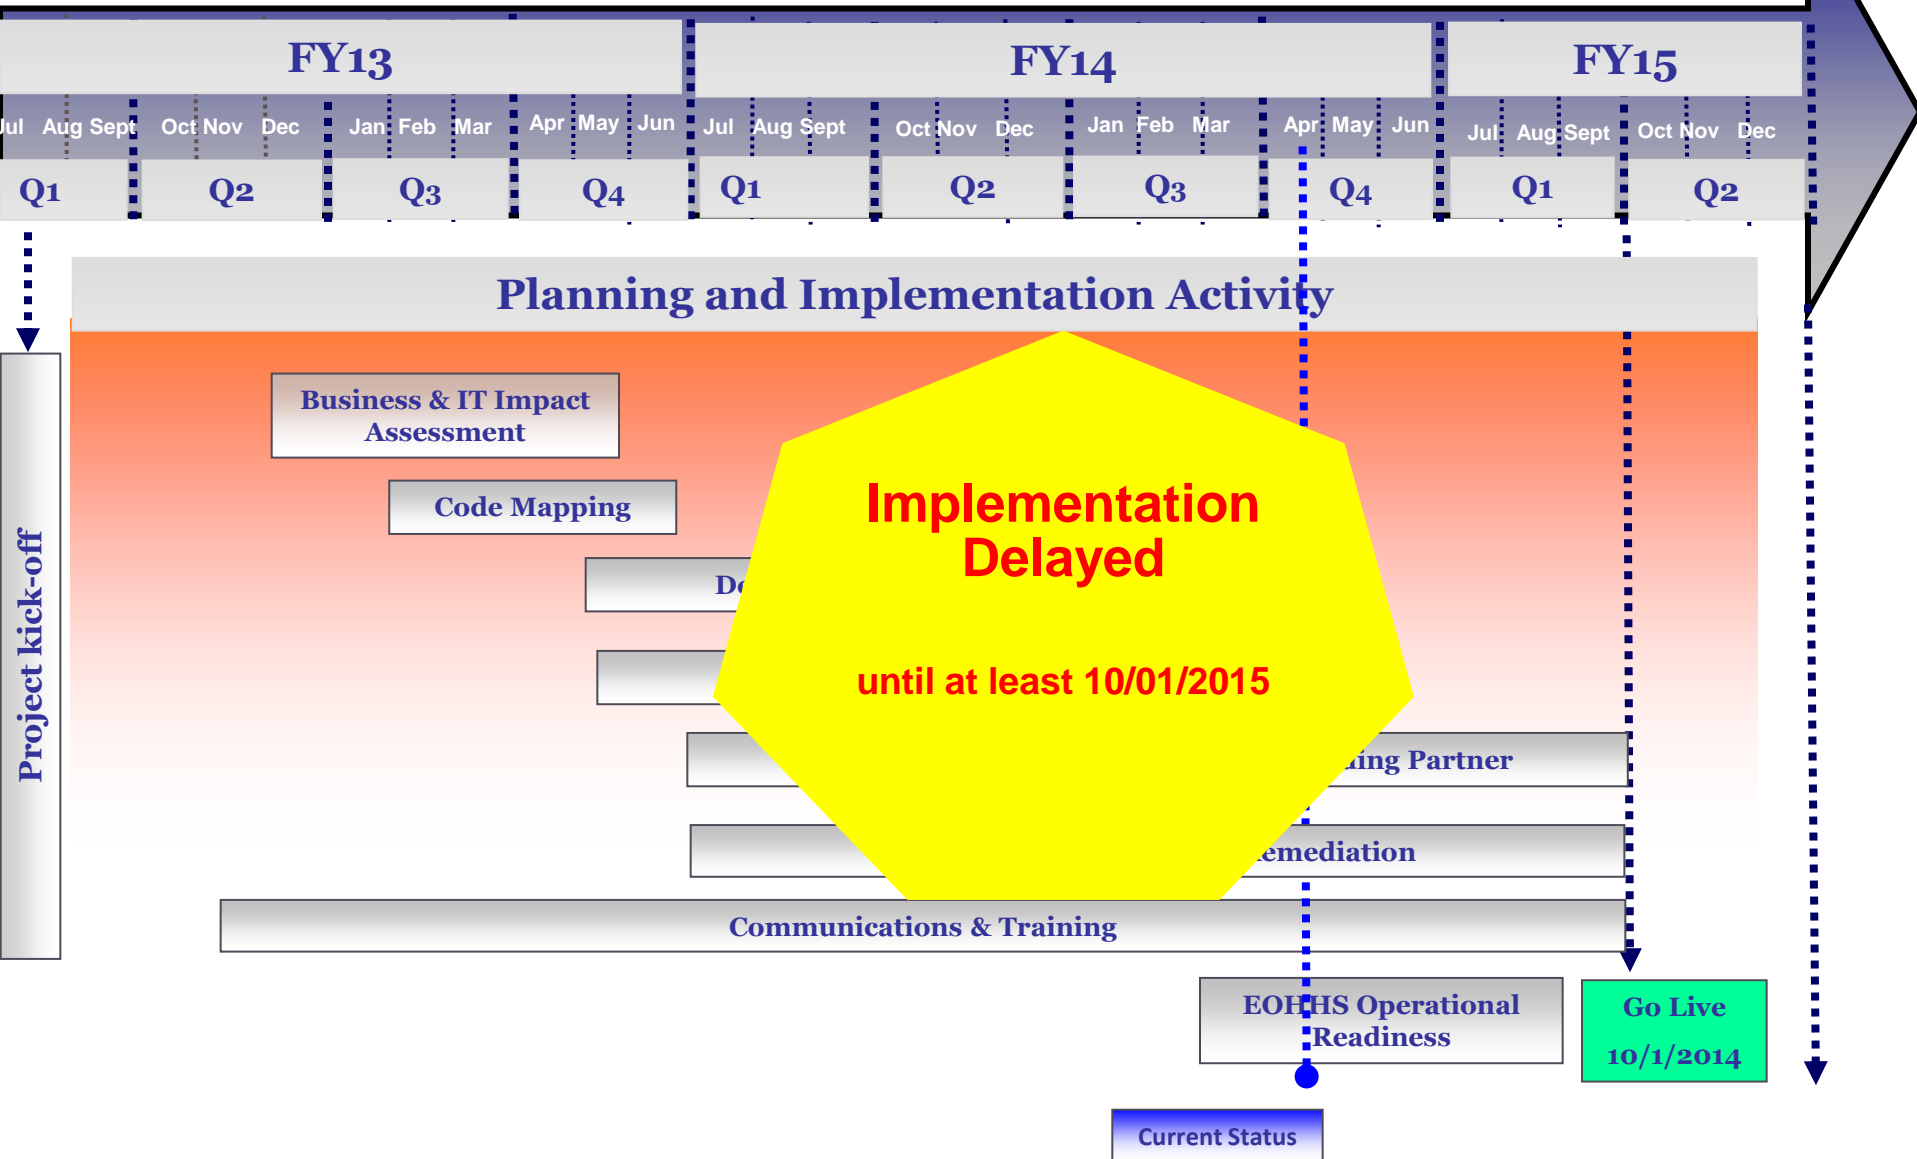

Message to Stakeholders

- On April 1, 2014 the bill H.R. 4302, Protecting Access to Medicare Act of 2014 was signed into law. A component of the law states that the Department of Health and Human Services (HHS) cannot adopt the ICD-10 code set as the standard until at least October 1, 2015. Based upon this change, MassHealth is evaluating the impact of the delay on MassHealth and will provide more information as soon as it becomes available. In the interim MassHealth will continue to test ICD-10 transactions with its trading partners.

CMS

- To date CMS has not issued an official statement regarding the delay
- CMS requested each state to identify the impact of the delay
- Next All States meeting is scheduled for 4/16/14

ICD-10 Changes – Nursing Facilities

- **Decommission of Current MMQ Software – this software cannot be modified to support ICD-10; effective 10/1/14 MassHealth will no longer support the proprietary MMQ software currently available on Mass.gov.;**
- **3 Options Available: DDE or Batch File upload in POSC, or have a vendor generate MMQ file and submit;**
- **Management Minutes Questionnaire testing to begin in July 2014. This is when the new functionality will be available in MMIS for testing;**
- **EDI Team to assist during the July 2014 testing cycle.**

Trading Partner Testing- Beta Testing

Target Provider Types

- 28-35 key trading partners in total
- 19 partners with high business impact/high claims volume
- Submission Methods-Direct, Billing intermediary, and Clearinghouse
